BEAUTÉ DE MAMAN

Safe, Effective and Affordable

www.beautedemaman.com

Not satisfied with personal care products currently available for pregnant women, Dr. Michele Brown, a board-certified practicing obstetrician, developed Beauté de Maman, a personal care line designed to treat problems related to the physiological and hormonal changes experienced by women during pregnancy. These products, cosmeceuticals, have medicinal properties in their ingredients ensuring the safety of both mother-to-be and baby. All products are extensively researched, allergy-tested and affordably priced. **FREE SHIPPING** available on two or more items.
